Indoor Programming Report

We had around 172 participants register for programming throughout the year. As always, we had more people register for the fall sessions than the winter sessions, but we still managed to offer a variety of classes.

We offered the following classes: Adult Art, Youth Art, Children's Art, Badminton, Pickleball, Beginner Spanish, Yoga, Tiny Tot Soccer and Little Yogis.

Residents utilized the full amount of Cost as a Barrier funding available to us from the City of Saskatoon ($1464) for subsidized program fees. We brought in a total of $5347 in programming fees, and $670 in household memberships. We paid our instructors a total of $4968.69.

I am excited and relieved to have Ella Mendoza take over this position!
