President's Report to the AGM October 4, 2022

Our third consecutive AGM online! Not my first choice but circumstances have not improved completely. We did manage an in-person Community Meeting in September. So, I remain optimistic.

At last year's AGM, Kelsey and Ileana left the Board and both continued to help us through this year. Although Kelsey has moved away, eventually we did find someone to take Ileana's role. A big vote of thanks goes to each of these women.

On the plus side, last year we recruited four new Directors; Dustin, Jaden, Monique and Sean who have served us very well. Each of them also deserves recognition.

This year, Lynn and Crystal retire from the Board. Both have been great assets to us and will be missed. Crystal has agreed to take the Indoor Program Coordinator's role to help with those duties. We are hoping to fill the Secretary's job very soon.

Again, on the plus side, we will welcome Dwight as our Treasurer and Wesley as our Director, Indoor Programs. As well, Josh has agreed to stick around for another term to keep our rinks running smoothly as always. Many thanks to these guys.

Other volunteers, who are not on the Board, make a great contribution too. Our latest recruit, Paul Miazga, jumped in as Newsletter Coordinator – a role we needed greatly.

None of these "Farewells" and "Welcomes" diminishes our appreciation to the Board members and volunteers who have worked tirelessly all year long; Ashley, our Director, Volunteers and Jorden, our Website Coordinator.

We did partner with SUM Theatre for another successful Theatre in the Park and lo forward to this summer's production.

Although we cancelled a third WinterfFest last year, we are forging ahead with plans for 2023.

As this will be my last year as President, I hope someone will step forward as VP, this year, to prepare to take the role at the 2023 AGM.

Respectfully submitted,
Bob McNaughton
