President's Report September 2022

I am happy to be seeing folks face to face again. Email and Zoom can only convey part of the message. Programs will all be in person and we can think about events to bring us together. We appreciate having an accessible, ground floor space to meet in person and thank Ms. Leel, the new Principal of Q E School, for offering it to us.

We need to thank Ileana Delgado for helping us maintain our financial records and preparing our reports even though she had retired from the Treasurer job in October. She has also made it a smooth transition for our new Treasurer, Dwight Doering. I handed him a box of documents. He and Ileana made sense of them.

Another new member of the team is Paul Miazga, who has taken the responsibility as our Newsletter Coordinator. He is an experienced journalist, so a good fit. The newsletter you received in your mailbox, last month, is his first publication for us. Well done and thank you, Paul.

More changes are yet to come. Kelsey Olson, who has so capably managed our Social Media presence, has moved to Moose Jaw. She is still posting to Facebook and Instagram but not for long. We really need to find someone to take her place. Know anyone?

At our AGM, next month, we will also be losing Lynn Adamson. Her shoes will be hard to fill but I'm confident someone will step forward as our new Secretary.

We will be looking for a Vice President and new Directors to join the Board at the AGM, too.

Exciting times to come!

Respectfully submitted,
Bob McNaughton
