

Indoor Programs Report to the AGM, Oct. 3, 2023

Fall 2022 programming saw the return to in-person offerings as Queen Elizabeth school. We ran a total of 4 programs: yoga, Zumba, badminton, and Strong (by Zumba).

Winter 2023 programming was also provided at Queen Elizabeth school with a total of three programs: badminton, Zumba, and Strong (by Zumba).

No spring or summer programming was offered by QEXCA in 2022-2023.

Fall 2023 programming has expanded to include the following options: badminton, yoga, Zumba, Strong (by Zumba), Tiny Tots soccer, and pickle ball. We have received a very strong interest in our programs this fall with approximately 52 participants. We were able to secure a Tiny Tot soccer instructor and run programming for children.

We have reached max capacity in at least one programming offering and have come close in another. The higher interest/participation in programming has enabled us to expand our programming offerings and afforded QEXCA the opportunity to purchase equipment for future sport offerings. We look forward to offering similar programming in the winter 2024 session.

Thank you for your continued support.
Wesley and Crystal,
Your Programs Team
